WIN #1 - BRANDS GP - ROUND 3

Tarran's first win of 2021 came in the first of two visits to Kent's Brands Hatch circuit. Having taken his first ever pole position from Qualifying earlier in the afternoon, Tarran stormed victory ahead of Tommy Bridewell and Christian Iddon. Two further podiums that weekend saw him crowned Monster Energy King of Brands Hatch

WIN #2 - DONINGTON - ROUND 5

Breaking through to the front after a frantic start to the race, Tarran built up a three second lead in Race 2 at Donington National in August. Frustratingly, a safety car came out in the closing stages taking away the significant buffer he'd built. Fending off attacks from team-mate Jason O'Halloran and Bradley Ray, he won by just 0.06 sec

WIN #3 - SNETTERTON - ROUND 7

Starting from the front row, the opening race at Snetterton ended up as a three way battle between Tarran, team-mate O'Halloran and Tommy Bridewell Neither of the trio able to pull away at the front, the result ended up being a drag to the line, which Tarran won by 0.069 seconds

WIN #4 - SNETTERTON - ROUND 7

Having already won on Saturday, Snetterton would become the scene of Tarran's first ever double victory. Strong in the early stages, the race was red flagged due to an incident and re-run over just five laps in which Tarran was able to get the better of Ducati's Tommy Bridewell. The result saw him win the coveted Race of Aces trophy

WIN #5 - SILVERSTONE- ROUND 8

Perhaps Tarran's most remarkable win of 2021. Initially ruled unfit to ride after breaking his hand as he crashed out while fighting his team-mate for the lead in Race 1, Tarran was determined to ride, convincing medics to let him try warm up, which he topped. He'd go on to take victory in Race 2 by 0.089 seconds.

WIN #6 - OULTON PARK- ROUND 9

Prior to Round 9, Tarran's best superbike result at Oulton Park was fourth earlier in the year, so he approached the first Showdown round expecting a tough weekend. However, he was there to pick up the pieces when team-mate O'Halloran crashed out, giving him his first superbike victory at Oulton Park – a crucial moment in the title fight

WIN #7 - DONINGTON - ROUND 10

Running a special silver colour scheme to commemorate title sponsor McAMS 25th anniversary, Tarran pulled off an incredible win as he played it cool in the early stages to save his tyre before launching an attack in the closing part of the race, picking off his rivals one by on in order to extent his title advantage with a dominant win

WIN #8 - BRANDS HATCH- ROUND 11

Carrying a ten point title advantage, Tarran drew first blood in the final round's first race holding off a strong attack from Tommy Bridewell to further extend his championship lead to 22 points, meaning he'd head in to the final day of the 2021 season in a strong position.

WIN #9 – BRANDS HATCH - ROUND 11

Perhaps the best win of Tarran's career to date. Tommy Bridewell had tried to build a gap in the early stages but Tarran closed him down in the second half of the race before an epic duel between the two. He didn't have to win the title in that race, but determined, Tarran fought tooth and nail on the last lap, securing the win, and the title with a last corner move at Clearways.

WIN #10 – BRANDS HATCH - ROUND 11

Having secured the title in Race 2, there was no pressure on Tarran heading into the final race of 2021. Carrying the #1 plate, Tarran would again get the better of Tommy Bridewell to take his first ever BSB triple win and become just the second rider in 2021 to win three races in a weekend. The result saw him round out 2021 36 points ahead of Bridewell in the title chase.
