## ***Eazi-Grip™ Silicone Hose Kit and Clamps Lifetime Guarantee Terms and Conditions Safety Precautions & Installation Advice***

### **PLEASE KEEP FOR YOUR ACCOUNTS.**

*Thank you for purchasing Eazi-Grip™ Silicone Hose Kits and/or Clamps. It is necessary that you read and understand our safety precautions and installation advice before following the fitting instructions. However, Eazi-Grip™ suggests that a qualified installer fits all Silicone hoses and clamps.*

*Eazi-Grip™ Silicone Hose Kits are specifically designed to replace the Original Equipment Manufacturer (OEM) coolant system. Eazi-Grip™ Silicone Hose Kits are not intended for any other usage than stated in this document. Eazi-Grip™ Silicone Hoses are not suitable for fuel or oil usage.*

### **DISCLAIMER**

Motorsports are dangerous activities and could cause injury or death. Eazi-Grip™ assumes no responsibility for damage or injury caused by this product. It is the responsibility of the user to determine the suitability of the product, potential failure of the product and the correct application. Eazi-Grip™ Silicone Hoses, Clamps and other accessories are produced for performance enhancement whilst touring and/or racing, for **only motorcycles** which have not been altered and remain the same as the original manufacturer's design. Eazi-Grip™ does not make any warranty of merchantability or performance for intended usage.

### **SAFETY PRECAUTIONS & POTENTIAL RISKS**

To avoid any injury to the installer and/or damage to the motorcycle, please take into consideration the following points before fitting the silicone hose kit;

- ✓ Movement of the motorcycle during installation can cause damage to the motorcycle and/or injury to the installer.
- ✓ Movement of the motorcycle's engine parts can cause damage to the motorcycle and/or injury to the installer.

- ✓ Inadequate Clamps (sharp edges, perforated bands or wrong size) MUST NOT be used. Eazi-Grip™ clamps are highly recommended as any pre-owned, used or non-genuine Eazi-Grip™ clamps will invalidate Eazi-Grip™ Lifetime Guarantee (See Eazi-Grip™ Lifetime Guarantee).
- ✓ Be aware of over-tightening the Eazi-Grip™ Clamps as this may cause irreparable damage to the pipework.
- ✓ Eazi-Grip™ Silicone Hoses are Suitable only for an Ethylene-Glycol based coolant. Using anything other than an Ethylene-Glycol based coolant may affect Eazi-Grip™ Lifetime Guarantee. Eazi-Grip™ Silicone Hoses are not suitable for fuel or oil usage.

## **FITTING INSTRUCTIONS**

- 1) Ensure your bike is on level ground to prevent any unexpected movement of the vehicle, ideally secured with a rear wheel stand.**
- 2) Empty all fluid content from existing coolant system, whilst ensuring that all fluid is disposed of safely.**
- 3) As you install your new Eazi-Grip™ Silicone Hose Kit, be sure to replace OEM hoses one at a time with the corresponding shaped Eazi-Grip™ Silicone Hose. If a hose does not have enough clamped length at each end, it may leak during pressurised use, please do not attempt to fit. Contact dealer immediately.**
- 4) Once all hoses have been fitted, be sure to double check all hoses are sat correctly on the pipework.**
- 5) When fitting the clamps be sure that the clamp is behind the lip or bead of the pipework, whilst making sure that the clamp is seated in the correct position before tightening the clamp to NO MORE than 6nm.**
- 6) Eazi-Grip™ Clamps should be checked after 30 minutes of fitting to allow for any relaxation of the silicone hose or clamp, adjust to 6nm if needed.**
- 7) Once fitted, be sure that no part of the silicone hose kit is touching/rubbing against any part of the motorcycle. This may cause hot coolant fluid to escape potentially damaging the motorcycle/causing serious injury to the installer/rider.**
- 8) Eazi-Grip™ suggests that the manufacturer's instructions are followed accurately when re-filling the coolant system. Suitable ONLY FOR an Ethylene-Glycol based coolant. Using anything other than an Ethylene-Glycol based coolant will affect Eazi-Grip™ Lifetime Guarantee.**

## AFTER-CARE

Once your Eazi-Grip™ Silicone Hose Kit and Clamps have successfully been installed, please follow our after-care advice below, to ensure maximum satisfaction of the product.

Before the motorcycle is used after fitting, be sure to check for any hot coolant fluid escaping or damage to the Silicone Hoses and Clamps. If any leaks are discovered, refer to the Safety Precautions & Potential Risks and Pre-installation Instructions. Do not use the Motorcycle if any leaks begin/continue, contact the dealer which you purchased your Eazi-Grip™ Silicone Hose Kit from.

We recommend that Eazi-Grip™ Silicone Hose Kits are cleaned regularly. Following the installation advice, make sure the motorcycle has completely cooled before attempting any cleaning of the Eazi-Grip™ Silicone Hose Kit. Do not use any severe cleaners or polishes. Non-harsh Silicone cleaning spray (when used with a microfibre cloth) are suggested.

## EAZI-GRIP™ LIFETIME GUARANTEE

Eazi-Grip™ lifetime guarantee registration form can be found at [www.eazi-grip.com/lifetime-guarantee/](http://www.eazi-grip.com/lifetime-guarantee/) and must be completed within 30 days of the original purchase date.

Eazi-Grip™ guarantees each newly purchased Silicone Hose Kit against any faults in production and material, when it has been installed correctly (Check fitting instructions above) into the original OE engine for which the Hose Kit was designed for. The lifetime guarantee is only valid when both the Silicone Hose Kit and Clamps are fitted to the original motorcycle for which the kit was purchased, for the period which the original customer owns the Silicone Hose Kit.

In the case of Eazi-Grip™ Silicone Hose Kits that are installed into a motorcycle which is used for any form of competition, or installed into a customised or modified motorcycle, Eazi-Grip™ warrants each hose against defects in manufacturing, material and workmanship for a period of 2 years from the date of purchase.

Eazi-Grip™ will replace any Silicone Hoses and/or Clamps that is determined to qualify for the Lifetime Guarantee, unless the below circumstances are applicable.

### **Eazi-Grip™ reserve the right to invalidate the Silicone Hose Kit Lifetime Guarantee under any of the following circumstances:**

- ✕ Failure to provide proof of purchase which is required for the lifetime guarantee registration form on [www.eazi-grip.com/lifetime-guarantee/](http://www.eazi-grip.com/lifetime-guarantee/)
- ✕ The Lifetime Guarantee Registration form has not been completed within 30 days of the original purchase date.
- ✕ The Eazi-Grip™ Silicone Hose Kit is installed without genuine Eazi-Grip™ Clamps (Proof of purchase of clamps is required)

- ✘ The Eazi-Grip™ Silicone Hose Kit and/or Clamps have deteriorated due to long term use and expected 'wear and tear' within the limits of high-performance use of the motorcycle.
- ✘ The Eazi-Grip™ Silicone Hose Kit has been re-purchased, re-used or has not been directly purchased from either Eazi-Grip™ or any Eazi-Grip™ approved distributor (Check Eazi-Grip™ website for all our authorised distributors) or dealer authorised to distribute the Silicone Hose Kit in the country of purchase.
- ✘ The Eazi-Grip™ Silicone Hose Kit has been damaged (mechanical and/or cosmetic damage) due to incorrect and/or ill-suited installation or adjustment.
- ✘ The Eazi-Grip™ Silicone Hose Kit is used for anything other than the motorcycle which it is intended for. Any other usage which is not stated by Eazi-Grip™ will invalidate the Lifetime Guarantee.
- ✘ The Eazi-Grip™ Silicone Hose Kit has been changed or modified (including technical and cosmetic changes i.e. removal of Eazi-Grip™ logo) by anyone other than Eazi-Grip™ after the initial purchase.
- ✘ The Eazi-Grip™ Silicone Hose Kit has only outer cosmetic damage or deterioration, which includes any expected degradation that will not affect the performance of the Eazi-Grip™ Silicone Hose Kit.
- ✘ If any other substance than ethylene-glycol is used (such as fuel or oil) in the product.

## **Eazi-Grip™ Silicone Hose Kit Lifetime Guarantee Requirements**

If none of the above circumstances are applicable, Eazi-Grip™ Silicone Hose Kits are successfully warranted when;

- ✓ Used on the motorcycle for which they are intended
- ✓ The motorcycle is in its original manufactured state.
- ✓ The Eazi-Grip™ Silicone Hose Kit is fitted along with genuine Eazi-Grip™ Clamps.

If any parts of the motorcycle which the Silicone Hose Kit was purchased for, differs from the Original Equipment description, this may invalidate the Lifetime Guarantee (such as irregular engine layout)

## **Lifetime Guarantee Claims Process:**

If you wish to make a claim for the replacement or restoration of your Eazi-Grip™ Silicone Hose Kit and/or Clamps, the original customer must contact the dealer which you initially purchased the Eazi-Grip™ Silicone Hose Kit.

- ✓ You must be able to provide proof of purchase. (i.e. Payment, Order Confirmation, Order Number)
- ✓ You must have completed the Lifetime Guarantee Registration Form within 30 days of the original purchase date.

Once you have supplied this information to the authorised dealer/distributor which you purchased the Eazi-Grip™ Silicone Hose Kit from, Eazi-Grip™ will determine the outcome of your claim. Eazi-Grip™ are not obliged to process and complete the guarantee if all the necessary evidence of original purchase is not supplied by the original purchaser.

## Limitation of Liability

Each Eazi-Grip™ purchaser acknowledges that motorsports are dangerous activities and could cause injury or death. Eazi-Grip™ assumes no responsibility for damage or injury caused by this product. It is the responsibility of the user to determine the suitability of the product, potential failure of the product and the correct application. Eazi-Grip™ Silicone Hoses, clamps and other accessories are intended for performance enhancement whilst touring and/or racing, for ONLY motorcycles which have not been altered and remain the same as the original manufacturer's structure.

Eazi-Grip™ assumes no liability to the purchaser of a Silicone Hose Kit or any individual claiming on behalf of the purchaser, for both national and worldwide consumers. Eazi-Grip™ takes no responsibility to cover any costs, of both labour and fitment process (i.e. return, removal and installation). Eazi-Grip™ takes no responsibility for any expenses caused to any vehicle from incidental or consequential damages, involving the loss of an operating motorcycle.

The Lifetime Guarantee is in addition to the minimum statutory rights of the consumer and does not limit the rights of the purchaser nationally and worldwide with or without the completion of the Lifetime Guarantee form.

The terms of this guarantee extend to all Silicone Hose Kits sold when the Lifetime Guarantee form has been completed within 30 days of purchase. Eazi-Grip™ reserves the right to change the terms at any time.

This Lifetime Guarantee covers all Silicone Hose Kits (Including Hose and Clamps) purchased when the Lifetime Guarantee form is completed within the 30 days after initial purchase (subject to invalidation – See EAZI-GRIP™ LIFETIME GUARANTEE). Eazi-Grip™ reserves the right to change the terms.

This Lifetime Guarantee document for Eazi-Grip™ conforms to English Law.
